INNOVATE FOR GLOBAL STANDARD

A TRUSTED
SCHOOL
WITH
GLOBAL
STANDARD

Chairman's Desk

Education today, more than ever before, must see clearly the dual objective: education for living and educating for making a living.

James Mason Wood

The idea of opening school germinated in my mind as I truly believe "The future of a nation is only as good as its children and the children as good as the educational context within which they are nurtured" is a profound sentiment often expressed in various ways by scholar, visionary and former President, A.P.J. Abdul Kalam.

We are a learning organization committed to adapting and implementing new pedagogies and regard co-curricular and life skills education as being important and hence, we give it adequate focus in our school calendar.

Our teaching and learning philosophy infuses traditional values into a progressive approach, equipping students become independent, yet capable of adapting and excelling in their chosen fields anywhere in the world.

In order to attain enlightenment, the school shall sincerely try to increase efficiency and effectiveness in every aspect of school life. The school shall strive for excellence in all fields to reach the pinnacle of its aim.

It is my proud privilege to let know that Vidya Vahini School has successfully reached the milestone of a decade.

I thank each and every one who have contributed to the establishment and survival of this great temple.

Principal's Desk

The most important function of education at any level is to develop the personality of the individual and the significance of his life to himself & to others.

Grayson Kirk

As a Principal, I take pride in stating that I lead a team of motivated educators. The school offers a host of interesting & exciting programs to raise teaching-learning standards. True to say, the team work productively and harmoniously; the reporting lines are maintained, help and support are provided so is the result proved witness of securing 100% result in CBSE Board Exam constantly. My concern lies primarily with students and the team I work with. By creating a learning environment that is vibrant and at the same time friendly, to have been able to motivate the team who not only consider VVS as more than just a work place but also as a space that nurtures their individuality while harnessing their team spirit.

We feel that our mission to create young people in a holistic manner is the very essence of what education should be. The current scenario is rapidly growing, hence it is essential to develop students not only intellectually but practically to enable them to face the challenges of tomorrow. So is the set of our mind in planning the scholastic and co-scholastic activities.

The school has the pride to boast of a fairly flat organizational structure. This prospectus brings you a transparent picturisation of the infrastructure set up in the school. I truly believe the photographs of the various activities conducted instigate and inspire the children who choose Vidya Vahini as an Abode of Learning to develop their overall personality.

Warm greetings and best wishes to all.

our VISION

“

To be in the leading position as best educational facilitator to students to reach their milestone.

”

our MISSION

“

Our mission is to imbibe innovation in all our deeds, cultivate it through learning environment to attain global standards and help young minds to be the most admirable personalities.

”

coreVALUES

“

- Respect the expectation of the parents, employees & partners and value their association with us
 - To be child centered in our approach, we sensitize the feelings of the young ones
 - Exhibit excellent professional service
- Promote discipline through out the organization
- Respond to the contemporary & futuristic changes of technology
- Transparency in all transactions to keep up the reputation of the organization
 - Value & protect the social, cultural & environmental needs

”

aboutUS

Vidya Vahini School established in the year 2003 is administered by Sri B.Gangappa Education Trust ®. The school is situated on one acre of land amidst the place of tranquility. The pleasant atmosphere, scenic beauty, aesthetic structures and the serene settings of the location is an added advantage to the best from every student who choose to be in this abode of secular wisdom and learning.

benefits of SCHOOL

- Teaching with creativity leading to ability to interest, engage and inspire
- Translating the school's vision, priorities & targets into explicit policies & practices
- Developing a culture which demonstrates that teaching is valued

So as to witness the above mentioned a view of the infrastructure of the school.

COMPUTER LAB

A well established computer lab with internet connectivity facilitates the children to the learning of modern technology. The lab exposes for free hand movement of the theoretical thoughts of the children, to play games, hear and view music.

LIBRARY

Titled as knowledge centre, as it is very spacious enough to accommodate large number of students at a time for reference & study, enriched with different kinds of books, journals, encyclopedias, comics, magazines, newspapers, academic subject books, etc.

LABORATORY

The Labs are well furnished comprising of required specimens, models, charts, apparatus, chemicals, instruments etc. facilitating the children to view & induce self learning in all the branches of science - Physics, Chemistry and Biology.

CLASSROOMS

The classrooms are enriched with positive ambience, set to international standards, equipped with Smart Class rooms.

We promote Vidya Vahini School to be in your mind because, the school is

- A place to learn; a chance to grow

- We make studying enjoyable, enlightening & stimulating

- We fuse ancient wisdom & modern technology to trigger the child's intellect

TRANSPORTATION

Hi-tech buses are in service to the students for the safe mobility from home to school.

PLAYGROUND

A large area of land is set as a playground for children to inculcate the spirit of sports. Children use this area to play games, to exercise, have fun etc.

TEACHING METHODOLOGY

The children are cared by love, affection and guided by teachers. The teachers constantly monitor the performance of the students both in scholastic and co-scholastic activities.

Teachers being well-qualified and dedicated, set the aim to make the students to reach their destiny. Teachers adopt student centered methodology in their teaching and supplement it by the listed.

- Individual care taking
- Activity oriented method
- Group discussion
- Arranging educational trip
- Case study
- Vision through audio-visual aids
- Remedial teaching for slow learners
- Learning by doing
- Use of teaching aids for effective learning

LANGUAGE TEACHING

Due importance is set for language teaching as is the thought of developing communicative competence in students as required in the present era. Teachers do set a platform for the students to take part in various activities to inculcate, imbibe the art of speaking & writing.

CO-CURRICULAR ACTIVITIES

As is the weightage given to curriculum so is given to co-curricular activities. The activities set to conduct for the students are:

- Collage
- Mono Acting
- Speech
- Singing
- Dance
- Memory test
- Extempore
- Spell Bee
- Trip
- Story writing
- Essay writing
- Power Point Presentation
- Debate
- Quiz
- Seminar
- Kavana Rachane
- Drawing
- Calligraphy

SPORTS

- Volleyball
- Cricket
- Chess
- Carrom
- Throwball
- Swimming
